Josh,

Please see the attached revision dated January 10, to the comment letter that I sent yesterday on January 9.

There was a calculational error in the implied weights in Tables 2 and 3. This has been removed along with the related comment in the text. Otherwise, the rest of the letter remains unchanged.

My apologies for the error. Please dispose of the January 9<sup>th</sup> version.

**Subject:** Response to FOIA EMCBC-2022-00149-F Data Package

Hi Josh,

Last September, I received DOE's response to FOIA EMCBC-2022-00149-F, in which I had requested documents related to the shipping of building demolition debris to EnergySolutions during 2020-2022. I have finally had a chance to review the data package and have some comments. Please see the attached letter.
